Unity Game Developer with 5 years of experience building mobile puzzle and casual games from prototype to release. Skilled in gameplay systems, physics, monetization, analytics, and editor tools for faster level production.

WORK EXPERIENCE

02/2026 – current Game Developer *Brainamics GmbH* Munich, Germany

- ✦ Prototyped and shipped multiple mobile puzzle games for publishers Lion Studios, Miniclip and Moonee, iterating on each build from market-test results.
- ✦ Built core mechanics across varied genres: physics-based ball and marble puzzles, color-sort and conveyor/queue systems, and logic deduction puzzles.
- ✦ Built custom Unity level editors for all titles to speed up level design.
- ✦ Integrated ads, analytics and SDKs required for publisher testing and live releases.
- ✦ Shipped titles: [Octo Match](#), [Unzip Sort](#), [Deducto](#), [Feast Loop](#), [Bouncy Puff](#), [Color Yarn Mania](#).

03/2022 – 02/2026 Software Engineer *Game District* Lahore, Pakistan

- ✦ Developed 5+ 2D and 3D mobile games across casual, puzzle and simulation genres, covering design, architecture, gameplay and testing.
- ✦ Built a custom level editor and setup tools that cut level production time by 70% and setup time by 85–100%.
- ✦ Owned the analytics and monetization side of multiple titles: ads mediation, Firebase events, and balancing based on player data.
- ✦ Built playable ads in Luna for multiple titles, turning core gameplay into short interactive ads for user acquisition.
- ✦ Notable projects: [Annoying Uncle Punch](#), [Crazy Police](#), [Single Line Puzzle](#), [Color Block](#), [Take Me Home](#), [Lip Craft](#), [Hungry Crocodile](#), [Break The Police](#).

08/2021 – 03/2022 Game Developer *Raven Interactive* Lahore, Pakistan

- ✦ Built Hyper Bike Car Making (hyper-casual) and Derby Clash Madness, a car combat game with TDM, Capture the Flag and Free-for-All modes plus an upgrade economy.
